Low Voltage Distribution **Equipment**

LINK BOXES

LVD/FLB/2/MK3/B

Part Number NGED - 58585-16 (with Earth Kit) Part Number SSE - 58585-74 (with Location Pillars)

Application:

- 70-300mm² 3 core CNE cable.
- 70-300mm² 4 core SNE cable (using conversion kit).

Features:

- A 'pre-cast' 2 Way Link Box complete with height adjustable concrete infill cover rated to BS EN124 B125 (12½ ton), pavement access chamber and approved 2 part polyurethane resin for shell encapsulation.
- A factory assembled and 'pre-cast' turret which accommodates solid links (3 supplied) or fused links to BS88 (83mm crs).
- A cast iron bell cover (insulated) for reliable protection against water ingress.
- A neutral test facility and also generation/fault location connection point within the bell cover.
- All phase and neutral/earth mechanical connectors are factory fitted and utilise shear-head bolt technology for consistent and reliable performance.
- Phase Identification Tags (L1, L2 & L3) are factory fitted in each pocket and remain highly visible with links/fuses in place.

Product Testing:

Type tested to:- ENA Technical Specification 09-23 lss 2 2017 - Link Boxes.

Accessories:

- Solid Link Assembly: Part Nº 58401-24
- 4 Core SNE Conversion Kit: Part N° 58585-57
- Phase Pocket Cover: Part Nº 3883-020

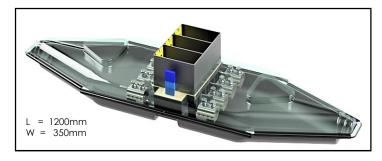

LINK BOXES

LVD/FLB/2/MK3/B

Product Features

- Link Box Unit Assembly - Joint Shells ...

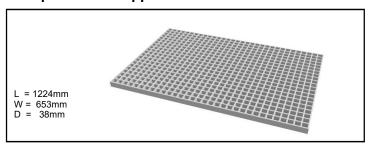

Material:

- Upper Clear PET-G
- Lower ABS

Resin Fill:

• 26 litres

- Open Mesh Support Base ...

Material:

• ISO Resin/Fibre

Weight:

16kg

- Insulated Pre-Cast Turret Assembly, Phase Pocket Covers & Drip Tray....

Turret Material:

Weight:

 ABS - High Resistance to impact and heat • 6 kg

Drip Tray (x1) Material:

Clear HIPS

Phase Pocket Cover (x3) Material:

Clear PET-G

- Bell Cover (Insulated)....

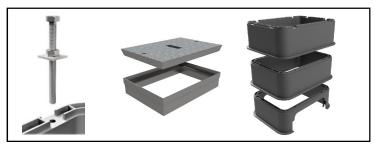

Material:

Cast Iron (Insulated)

Weight:

9 kg

- Pavement Access Chamber Assembly....including Height/Level Adjustment

Manhole Cover:

- Galvanised steel tray (concrete filled)
- Galvanised steel frame to BS1449 & BS EN ISO 1461

Access Chamber:

- HDPE
- 550x400x150mm deep section x3 off

Sicame UK Ltd operates a continuous product design development and improvement programme and offers active co-operation establishing satisfactory procedures and systems to meet new or unusual jointing situations. To company reserves the right to introduce modifications to the above designs and specifications without prior notice.
